New York Stock Market

New York, March 25 .- Operators of the long side of the stock market began to pluck up courage to-day, as another advance was achieved. After weeks of dropping prices and bearish weeks of dropping prices and bearism
sentiment, with only an occasional fitful rally, it was something of a novelty to have a rising market for two
days in succession, with every appearance of an improvement in feeling.

The improvement was ascribed primarily to the better outlook abroad.
A feature encouraging to traders on
the long side of the market was to be
found in evidences of absorptions of
the standard stock. Commission house

the standard stock. Commission house business, while still comparatively small, has shown some increase dur-ing the last two days. Bear traders, who have been operating with a free hand, were less sure of their ground. Some of the specialties which have been weak recently made large gains. Copper stocks were affected by cables. Eonds showed improvement.

New York, March 25 .- Money on call New York, March 25.—Money on call easier, 4@4½ per cent; ruling rate, 4; closing bid, 4½; offered at 4%. Va. Centuries, 2-3, C. and R., 1991... \$25, \$5 volume and almost wholly from professional sources. On the opening the tone was steady and prices were '24 points up. This was the highest level of the day. The advance was due to disturbing weather reports. Fear of the cold wave in the West and storm warning for the Texas and Louisiana coasts were sustaining features, although buying for long account was not heavy at any time. The small spot sales in the Liverpool market were used as a bearish argument. Toward noon the demand became very small, and while offerings were slender the market fell off gradually, at the midday call standing 193 points under yesterday's final figures. The decline was widened somewhat in the afternoon, the market closing at the lowest of the day, 374 points net down. Spot cetton steady and unchanged; midding, 17-18. Morgan Mullins Found Guilty.
[Special to The Times-Dispatch.]
Freeling, Va., March 25.—Morgan
Mullins has been found guilty in Judge
Skeen's court, at Clintwood, of sending an anonymous letter of a threatening nature to Garland B. Davis, and
fined the sum of \$50. The two men
live near each other. Davis was justice of the peace at the time of the
writing, and it appears that the purpose in the letter was to force the
officer's resignation by intimidation,
which Mullins hoped would give him
a chance to get himself appointed to
the position. The letter contained
threats of violence against Davis if he
did not resign.
